Tasmania's RACT Insurance takes home national accolade second year running

Tasmanian company RACT Insurance is punching above its weight on the national stage, taking out the Small - Medium General Insurance Company of the Year for the second year running at last night's Australian and New Zealand Institute of Insurance and Finance (ANZIIF) Awards evening in Sydney.

These prestigious industry awards honour the achievements of companies within the national insurance market and celebrate the highest standards of excellence, professionalism and performance in the industry.

"I am tremendously proud to accept this award and delighted the hard work and passion of the team at RACT Insurance has been recognised in this way," said RACT Insurance CEO, Trent Sayers.

"It is a privilege for a Tasmanian company to be recognised for our excellence amongst a strong field of Australia's best-known insurance companies.

"We pride ourselves on being Tasmania's only local insurance company and being on the ground to support our customers when they need us most. It is an honour that so many Tasmanians trust us to protect their most prized possessions."

Adding to this success, Mr Sayers said RACT Insurance recently launched an online platform to make it easier for Tasmanian customers to make instant claims and report accidents.

"We recognise that Tasmanians want a number of easy ways to make contact - including online. The fully digitalised platform aims to streamline the claims process and make life simpler for our members to lodge a claim."

Customers can only lodge motor claims online at the moment, with the ability to make other claims coming in the near future".
